March 22-24, 2023, Ljubljana, Slovenia

BACKGROUND INFORMATION ON PEMPAL AND BCOP:

Public Expenditure Management Peer Assisted Learning (PEMPAL) is a peer-learning platform that facilitates knowledge exchange among public finance practitioners from the Europe and Central Asia (ECA) region. The platform allows members to develop solutions to common public financial management (PFM) problems in the areas of budget, treasury, and internal audit. The network is organized around three thematic communities of practice: Budget Community of Practice (BCOP), Treasury Community of Practice (TCOP), and Internal Audit Community of Practice (IACOP). The main overall objective of BCOP is to strengthen budget methodology, planning, and transparency in member countries. BCOP members represent 21 ECA countries. Members are typically mid- to high-level officials in budget planning or budget methodology/policy units in the budget departments/sectors in Ministries of Finance. BCOP strategic priorities are: i) sharpening tools for effective fiscal management, ii) strengthening fiscal transparency and accountability, and iii) expanding internationally available fiscal data on PEMPAL countries.
