

# DAY 1: GROUP 3

Saodat Ibraghimova  
(Tajikistan)

## Group 3

Bulgaria

Kyrgyzstan

Morocco

Romania

Russian Federation

Tajikistan

Turkey

## Question 1. “Portals for placing budgetary and treasury information - trends”

- **Kyrgyzstan – there is a portal, citizens’ budget, materials are published on parliamentary hearings, on line updates on the basis of treasury data, a portal of public procurements, plus starting from July of the current year launching electronic public procurements (on line tenders), participation of the civil society**
- **Morocco – e – budget, a portal on budget planning and budget execution, citizens’ budget in 3 languages,**
- **Turkey – c 2004 r. – e – budget on the basis of web technologies, experience of Turkey is actively used by Tajikistan**
- **Tajikistan – published the citizens’ budget 2014, a portal for public procurements, since 2013 there is pilot project on electronic public procurements, publication of Parliamentary hearings**
- **Romania, Bulgaria – web sites of ministries and departments**

## **Question 1. “Portals for displaying budget and treasury information – benefits”**

- **Transparency of public finance, credit of trust to the state (investors, population, general public, etc.)**
- **Anticorruption nature**
- **The source of operational analytical information to enable the management to make decisions**
- **The source of analytical information for analysts, researchers, students, etc.**
- **Work with civil society, and as a consequence - the need to improve financial literacy (it was taken into consideration by the RF when developing the design of the web site)**
- **A tool for informed choice by a consumer of public services (schools, etc.)**
- **Optimal volume of publicly available information**

## Questions 2 and 3. “Assessment of transparency in the fiscal sphere”

- Tajikistan – PEFA – PFM reform (including that of the tax system, internal audit, budget accounting, GFS)
- Morocco – ROSC, PEFA, OBI – orientation towards cooperation with international organizations
- Kyrgyzstan – OBI – in order to improve rating, the strategy was developed for the purpose of publishing information on the web site; in the framework of the sustainable development strategy there are measures to enhance investment attractiveness and plans to get country rating
- Romania – PFM evaluations by own means (audit, self assessments of budgetary institutions)
- External evaluations are more objective because of independence of experts and their knowledge of PFM of other countries

**Thank you!**
